### Tide Pool Medallion Necklace by Amy Blevins

Skill Level: Advanced Seed Bead Weaving  
Proficiency in Herringbone, Peyote, RAW, Square Stitch, and Bead Embroidery  
6-hour class

Full of texture and technique, this course is packed. Using bead embroidery techniques and unique beads, you'll create a medallion inspired by anemone and zoanthids soft corals you might find in a tide pool. You'll weave a supple rope and accent it with a carefully constructed & perfectly cool clasp that mimics the shape of your medallion.

While your project may not be completed in class, all major components will be demonstrated and illustrated in the instructions.
